## EARLY QUARTERS

1796 VF-EF (35+) Perfectly centered, with every denticle full and sharp. A super or strike, as the eagle's eye is sharp and there is full separation between the upper and lower parts of the beak. (Many examples, even many mint state coins, exhibit virtually no detail whatsoever in these areas.) Completely free of defects and injuries. A pleasing coin in all respects. (See color photo)	7,950.00
1806 Ch AU (55+) An exceedingly lustrous and very pleasing example of this type. Beautifully toned and void of adjustment marks or any other type of defect or injury. Somewhat softly struck on the upper central portion of the reverse. This is characteristic of the type and should not discourage the astute type collector from ordering this impressive Early Quarter (see color photo)	1,950.00
